a. The operational group engaged at the outbreak of the war in Poland in September 1939 was the so-called SIPO and SD Operational Group with the 14th Army (Einsatzgruppe z.b.V. der Polizei und SD bei der 14. Armee).

b. This operational group was commanded by the SS-Obergruppenführer Udo v. RASCH (born 24 July 1895 in Schwanevitz), and was activated on 3 September 1939. d. CASTROP has requested that the Berlin Document Center make every effort, on the basis of the additional information provided above, to provide answers to the following:

... when and from what organizations the individuals listed above were transferred into the operational group under von WITTSCH;

e. Where and for how long they are operationally engaged in Poland and into what organizations they were assigned after serving in Poland. (Since, according to CASTROP's information, most members of the von WITTSCH Operational Group are believed to have been attached to Stapostelle Kattowitz in September or October 1939, he expressed his particular interest in learning when and to what other Stapo or Kripo organizations any of the individuals listed above may have been detached or transferred after service in Stapostelle Kattowitz.)

f. CASTROP states that he can appreciate the amount of work that may be involved on the part of the BDC staff in efforts to track down the information called for. He has indicated, however, that any information that may be forthcoming will be of considerable value to CATIE in the pursuance of investigations of several important security cases involving persons suspected of having been involved in war crimes committed in Poland as members of the operational group under discussion. CASTROP has stressed again that this matter has been assigned a high priority within CATIE. Accordingly, an early response will be most appreciated.
